Center for Health Equity Action Plan

A Community Forum

The Los Angeles County Health Agency and our community partners invite community leaders, agency staff, County departments, and other stakeholders to provide feedback on the Center for Health Equity Action Plan.

The Action Plan outlines a proposed set of strategies to promote a culture of health equity across Los Angeles County. Please join us to provide input on the Action Plan and identify ways we can work together to build health equity across the county. **Join the movement!**

Interpretation services available on site for all threshold languages based on registration.

RSVP: https://jointhemovement_SPA2.eventbrite.com

To download a copy of the Action Plan, go to: healthequity.lacounty.gov
